

WANDAMERE'S JULY A RECORD BEATER

Popular Resort Has Entertained
Greatest Crowds
Since Opened.

"The biggest day of its sort Wandamere will experience this year," is the way Manager McLelland of that park characterizes the coming annual outing of the employees of the Utah Light and Railway company at Wandamere Saturday of this week.

Wandamere will on Wednesday close the greatest July in the history of the park. More people by 45 per cent have passed through the gates of the resort this month than for any other July since the park was opened, and with the crowds of Monday, Tuesday and Wednesday still left to swell the grand total for the month, Manager McLelland expects to have some interesting figures for the patrons of the park on Thursday.

Nothing has been left undone at Wandamere this year to make the resort attractive, and the park has grown in popularity until special days and race nights there call forth a crowd that fills the resort and the motordrome almost to capacity. Money has been spent without stint to make the resort unusually attractive this year, and the policy of the management has been to increase the beauty of the place rather than add to its amusement devices. Twenty thousand potted plants were added to those already decorating the resort early in June and these are now in full bloom.

VOLCANO DEVASTATED VAST EXTENT OF LAND

The recent eruption of the Katmai volcano was the most serious catastrophe in the known history of Alaska, according to J. C. Lewis of Seward, Alaska, who was in Salt Lake City yesterday on his way to the east. He said that there was hardly a district within a radius of 1000 miles of the volcano in which the inhabitants did not feel some direct effect of the eruption.

"The government experiment station, which is located more than 100 miles distant from the volcano, is now covered with a coat of ashes three feet thick," said Mr. Lewis. "The government has had to sell the cattle on the farm and abandon the station. In all directions ashes fell for hundreds of miles, destroying vegetation and driving the inhabitants away."

Alfred H. Brooks, a government representative, is making an effort to reach the volcano to ascertain its present state, but it is thought that it may be months before he will be able to approach it.

Dye Sentence Postponed.
Owing to the illness of his attorney Idellus M. Dye, alias Joe Donovan, who was convicted in the criminal division of the Third district court of the murder of Joseph Rainbow on West Third South street last November, will spend at least one more week in the county jail, where he has been incarcerated since his conviction.

Hearing of a motion for a new trial and passing of sentence was yesterday continued by Judge F. C. Loofbourrow until next Saturday morning.

HOW I ENLARGED MY BUST SIX INCHES IN THIRTY DAYS

After I had tried Pills, Massage, Wooden Cups and Various
Advertised Preparations without the slightest results.

A Simple, Easy Method Which Any Lady Can Use at Home and
Quickly Obtain a Large and Beautiful Bust.

BY MARGARETTE MERLAIN.

Well do I know the horrors and intense humiliation of being flat-chested; of having the face of a woman set on the form of a man; and I cannot find words to tell you how good I felt, and what a terrible load was lifted off my mind when I first saw my bust had really grown six inches in size. I felt like a new being, for with no bust I realized I was really neither a man nor a woman, just a sort of creature half way between.

Keep this picture and see your own Bust undergoing the same transformation.

With what pity must every man look at every woman who presents to him a flat chest—a chest like his own! Can such a woman inspire in a man those feelings and emotions which can only be inspired by a real and true woman, a woman with a beautiful well-rounded bust? Most certainly not.

The very men who shunned me, and even the very women who passed me carelessly by when I was so horribly flat-chested and had no bust, became my most ardent admirers shortly after I obtained such a wonderful enlargement of my bust. I therefore determined that all women who were flat-chested should profit by my accidental discovery, and

FREE COUPON FOR READERS OF THE SALT LAKE CITY TRIBUNE
Entitling the reader to full information regarding this marvelous discovery for enlarging and beautifying the bust. Cut out this coupon or write and mention No. 1761A, and send today, with your name and address, enclosing two 2-cent stamps for reply, to Margarette Merlain (Dept. 1761A), Pembroke House, Oxford Street, London, W., England. Please write address clearly and fully.

Name _____
Street and number _____
City _____ State _____

Note. All ladies who wish to obtain a large and beautiful bust should write Margarette Merlain at once, as the above is an honest, straightforward offer on her part, made for the good of her sisters. And she in no way profits by the transaction, but generously offers her help absolutely free to all who use the free coupon above. Ladies who fear that their busts may become too large are cautioned to stop treatment as soon as they have obtained all the development desired.

Strong Man Coming To the Salt Palace

The Salt Palace management has arranged a programme much out of the ordinary for next Thursday evening. Professor Peter Zebich, said to be one of the strongest men in the world, and the only one whom Sandow has refused to meet in competitive contests involving strength and endurance, will make his appearance at that time. Zebich is making his first tour of America, having been for the past few years giving exhibitions in various parts of Europe. He is accompanied by an assistant, who is himself a remarkable athlete, and between the two a programme that is unique and interesting is given.

Such feats as bending iron and steel bars over his neck and shoulders, lifting heavy weights that an ordinary

man could not move, and such performances as succeeded by a contest between Zebich and two horses. The horses will be secured from one of the local transfer companies and will be pitted against the one man. Zebich claims that after having locked his hands the horses will be unable to pull his arms apart.

There are several challenge numbers on the programme which will be open to any local strong men who care to test strength with the Austrian, and liberal purses will be hung up for those who succeed.

The programme will be given in the saucer track and will fill the entire evening, as there are in all more than twenty separate events.

BOTH PARTIES GIVEN TIME TO FILE BRIEFS

NEW YORK, July 27.—The arbitration commission, which has been in session at Manhattan Beach for two weeks hearing testimony on both sides of the controversy between the locomotive engineers and the fifty-two railroads east of Chicago, finished its hearings today. Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, said that whatever award was made by the commission would be accepted and carried out in good faith by the brotherhood.

Mr. Strauss, chairman of the commission, announced that the general award of the board would be effective as of May 1, 1912, but the board reserves the right to make exception to this rule. Each side was given two weeks to file briefs.

SPRING CREEK WILL BE HAVEN FOR ANGLERS

F. W. Chambers, state fish and game commissioner, issued notice yesterday that Spring creek, in Utah county, will be opened to fishermen on August 4 at 4 a. m. This stream was closed by the commissioner two years ago for the purpose of allowing the trout planted there to mature, and the result is that the creek will be one of the finest for trout fishing in the country.
